

Food Safety Policy

We at **Sisila Lanka (Pvt) Ltd**, make every effort to ensure that all food and beverage services provided to our consumers are free from potential Biological, Chemical and Physical hazards by preparing and serving food in an environment where **ISO 22000:2005, HACCP** and **GMP** principles have been properly established while complying to all applicable statutory and regulatory customer requirements.

We believe that continuous improvement of our consumer safety approach is based on the commitment and contribution of our employees towards food safety and upgrading their knowledge and skill on food safety.
